

Danby Air Purifier up to 170 sq.ft

FEATURES

- O2 Clean Ionizer Function: Helps to remove odors and dust.
- 3-In-1 Filter: Capture 99.97% of household dust and allergens with the 3-In-1 filtering system, consisting of a pre-filter, activated carbon filter and true HEPA filter.
- Silencer Technology: Efficiency doesn't need to be noisy, which is why this unit also comes with our silencer technology. At 18 Decibels, it's no louder than a quiet conversation.
- Sleep Mode : Sleep mode gradually reduces fan speed for continuous worry-free operation
- Programmable 8 Hour Timer : Set a daytime running program around your schedule
- AHAM Verified : This unit has been certified by an independent laboratory , assuring it performs to the standards you expect from Danby
- Energy Star : E-Star rated appliances meet energy efficiency requirements , helping you save without sacrificing performance
