DAS120EAQHWD

12,000 BTU Mini-Split AC with Heat Pump in
White

FEATURES

- Engineered for quiet and efficient performance, this unit utilizes a variable-speed inverter to cool and heat rooms up to 550 sq. ft.
- Achieving a 21.0 SEER Rating and DOE Certification, this unit helps save significantly on heating and cooling costs.
- Operates at temperatures as low as -4°F/-20°C, ideal for year-round cooling. Its heat pump feature ensures comfort in all seasons.
- Refrigerant Leak Detection: Automatically shuts down the unit if a leak is detected.
- Pre-charged with R454B refrigerant, the indoor unit, outdoor unit, and pipes are ready for installation.
- Features a high-density air filter that removes contaminants and impurities, along with dual washable filters for ongoing air quality maintenance.
- Turbo Mode: Allows the unit to reach the preset temperature quickly
- Louver Angle Memory: Automatically adjusts the louver to its last position when the unit is turned on.
- Anti-cold draft feature adjusts fan speed and louver angle based on ambient temperature, preventing cold air from blowing in heating mode.
- The 12,000 BTU quick connect model is 115 Volts, so no additional circuit is required
- Internally, the unit operates at just 34 dB, providing ultra-quiet performance.
- Backed by a 5-year limited warranty on parts (excluding labor). Refer to the owner's manual for details
- We recommend that a professional HVAC technician install this appliance
